

# MTR RESEARCH FUNDING SCHEME 2024

## » Introduction

Following the success of the 1st round of MRF, i.e. MRF2023, the Academy is now inviting applications for MRF2024.

MRF aims to support exploratory and up-stream research to create and build future operations and services in mass public transportation. The MRF Scheme welcomes proposals from all disciplines of academic research to contribute towards the sustainable development of rail transport and to keep Hong Kong ahead of future transport challenges.

The themes of MRF2024 are

- » Railway System & Operation Resilience
- » Human Factors in Railway Transport and Services

The list of funded projects in MRF2023 can be found on our website.

## » Scheme Highlights

- » Maximum total funding up to HK\$1.5 million over 3 years
- » Proposals from all disciplines or multi-disciplinary collaboration welcomed
- » All proposals to be peer-reviewed
- » Research studentship strongly encouraged with stipends supported
- » IPR ownership to be negotiated
- » Opportunity to continue research or development with MTR and its subsidiaries

## » Application Period

**01 DEC 2023 TO 29 FEB 2024**

Apply through University Research Office. For details, please visit our website.
